

## GLIMPSES OF LIFE IN MANY FOREIGN LANDS

How an Old Chinese Scholl Found all He Needed in the Marvelous books of John—A new Day Dawning in South American Countries—Japan's Untouched Millions—Nationalities in Argentina—Clarion Call From China and Some Unanswered Appeals.

By IDA CLYDE CLARKE  
Editor Southern Missionary News Bureau

Over in a distant province of North China there is a man who knows no church, no ordinance, no fellowship, no teacher save Jesus. His one book is the marvelous Book of John, but in this he has found the simplest and the profoundest truth, and he wants no other.

Mr. Edgar L. Morgan, a missionary, writing from Laichow-fu North China, tells the story and it is worth retelling.

Forty miles east of Laichow-fu, in a village infrequently visited by preachers, an evangelist, Mr. Lin, discovered one he described as the most remarkable man he has met in his six years of work. By some means about five years ago this old man, now beyond sixty, had secured a large print on the gospel of John.

To a Christian messenger he said, "I know that Jesus came down from God, I have the book that tells about him, Yoa-Han Fu-yin (John's Good News.) I read it constantly, but there are some things which Jesus says that I do not understand. Can you tell me, sir, what he means when he says, 'I am in the Father and the Father is in me.'?" On being answered he asked, "What was the name of the pool to which Jesus sent the blind men, I have forgotten?" This and other things Mr. Lin patiently hunted out, explained and discussed.

Such a knowledge of the book and its meaning, heretofore hidden from him, amazed the old searcher for truth. "How, sir, do you know these things?" he asked, "every chapter and verse and just where they are and just what they mean. How long have you been acquainted with the book?"

Mr. Lin then told him of his own ten years' experience, and asked if in his reading he had found the "flavor" of this book different from that of the classics. "Sir, I read no more of the books of this world," he replied. "My whole leisure time is spent on this one."

He was told that there are other sacred writings. John was only one of many, and that some of the others would be sent to him. He said, "Thank you, you need not trouble to do that. I do not care for any others; this 'flavor' is excellent. I read this constantly, and ten parts (perfectly) believe in Jesus. You need not exhort me to trust in Him. For nearly five years I have read about Him in this book and I want nothing better."

Mr. Lin then taught him to pray, and urged him to visit and become acquainted with the bodies of believers near him, with whom he might have fellowship. "We have sent him a complete large print New Testament," writes Mr. Morgan, "and have invited him to visit us at some meeting day. I want to get to know this lover of Jesus and John."

### New Day in South America

"A new day has come to Brazil, Argentina and Chile, the (3) foremost countries of South America," writes Missionary W. B. Bagby, "and it is a day of new life for our mission and mission enterprises. The millions al-

ready in those rich and productive lands are every month added to by thousands of immigrants from Europe and Asia—Italians, Germans, Spaniards, Portuguese, Russians, Norwegians, Swedes, Austrians, Syrians and Japanese.

Seventy-five thousand immigrants last year entered the great Brazilian coffee state of São Paulo. Railroad lines are piercing the vast interior of those distant lands and filling them with new life. Towns and large cities are fast building up. Buenos Ayres today has 1,400,000 souls and Rio Janeiro 1,000,000, while Montevideo has 300,000, São Paulo, 400,000, Bahia 300,000 and Rosario 300,000.

Education is becoming more widespread, and large government institutions are being built up and fostered for general as well as technical and professional instruction.

The evangelical denominations at work in South America are beginning to build up first-class schools and colleges in the countries occupied, and these schools are patronized by the best classes of Brazilians, Argentines and Chileans.

### Japan's Untouched Millions

Maud Bonnell, writing from Kobe, Japan, says:

"In Japan there yet remain 25,000,000 wholly unevangelized farmers, 1,000,000 fishermen, 8,000,000 practically untouched business men, 748,000 factory employes, 300,000 army and navy men in active service and a large body of students who are still without God, and most of them know too little to be called in any sense evangelized."

From Kyoto, Japan, Mr. W. A. Davis, writes to his board:

"Our work is in the very center of Buddhism. The majority of the people look on us with suspicion, if not without positive hatred. In the villages in reach of Kyoto there are more than 200,000 people who have no one to give them the gospel. My heart is going out toward these people, but what am I and my small force among so many? We pray and trust that the Lord will multiply the loaves as we hand them out to the people."

### Nationalities in Argentina

A missionary in Argentina tells of having received twenty-four members into his church in the last few months. He says: "Perhaps it would be interesting for me to give a list of the nationalities represented in my church. They are as follows: Scotland, England, New Zealand, North America, Germany, Russia, Sweden, Spain, France, Italy, Argentina, Chili and Uruguay." This church, which is located in the great city of Buenos Ayres, shows what a tide of immigration is turning toward that great city and the rich surrounding country.

### A Clarion Call

In a letter that came to one of the mission boards recently Rev. L. D. Patterson, writing from Sungkiang, China, sounds a clarion call to the people of his home land. He says:

"We are in the midst of heathenism. It rolls like an ocean

all around us. We can not step out to our front gate without seeing a half score of people who know absolutely nothing of our God and his Christ. If we walk a few blocks we see hundreds. There are seventy-five thousand people in Sungkiang and only 250 Christians. There are more than a hundred heathen temples and only three Christian churches. For 75,000 people there are only three ordained preachers.

"O, that the church at home could but see the fields as we see them. The harvest truly is plentiful, but the laborers are few."

### Unanswered Appeals

Home people do not understand why the mission boards are always mentioning the inadequacy of funds for carrying on their work. The answer is found in almost every one of hundreds of letters that come in every year to the mission boards from those who are in the heart of the work in the foreign lands and who feel the need so deeply.

The following extracts from letters that have come only within the past few weeks should be answered enough:

"Since our last conference more than a hundred people have joined the church. There is a great stir and move in this land toward the church of God. All of our chapels are entirely too small to meet the rapidly increasing need. Do let our people know."—Rev. J. L. Hendry, Huchow, China.

"What opportunities! Would that I could sound it aloud from every housetop in the home land. China's salvation is in the hands of the Christian church. Will the church fail in this day of her opportunity?"—Rev. John C. Hawk, Changchow, China.

"We are turning patients away and all for the lack of room. I am averaging one major operation a day. I do not know what we are to do. We need our new doctor and new hospital at once."—Dr. John A. Snell.

"There isn't anything needing attention more than the villages, and there is almost nothing being done in them. I need a tent, a phonograph, a cornet and a Japanese worker to assist me in this work."—Rev. T. W. B. Demaree, Matsuyama, Japan.

## GOOD MAN GONE HOME JUDGE J. W. HENSON ANNOUNCES

### AS CANDIDATE FOR CONGRESS

Thomas Longstaff an Aged And Respected Citizen of This Place

### PASSES THE ETERNAL DIVIDE

Thomas Longstaff, one of the best known citizens of Earlington, departed this life at eleven o'clock Sunday night, after a long illness. He was born in Barnett Castle, County of Durham, England, on Oct. 10th 1847 and was 66 years old. At the age of 20 he married Miss Jane Anderson who still survives. He came to Earlington in the Fall of 1870 and began work for the St. Bernard Mining Company and has remained with them ever since. Mr. Longstaff was one of the most valued employees of this company and his long experience along this line caused him to be the first summoned in case of flood, fire or explosion, and

his judgement was always deferred to by the officials. In 1874 he joined the Masonic fraternity and has taken all the degrees up to and including the Shrine. He was a member of the Episcopal church at Henderson, Ky., and the Rev. W. I. Hobbs, Episcopal Minister, of that city, conducted the funeral services at the family residence, E. W. Turner Lodge No. 548 took charge of the remains and buried their veteran brother with Masonic honors, with Jas. R. Rash acting as master. The active pall bearers were: Chas. Cowell, W. A. Toombs, Dan M. Evans, Dr. A. O. Sisk, Frank D. Rish, E. L. Stokes, Geo. W. Robertson and Paul M. Moore.

His remains were laid to rest in the Earlington cemetery Monday afternoon surrounded by a large number of his friends and relatives. He leaves his wife and eleven children, seven sons and four daughters to mourn his loss. He was a good husband, a tender, loving father, and no man in Earlington had more friends or fewer enemies, which bears out the truth of the well known couplet.

"Honor and Fame from no conditions rise  
Act well your part, there all the honor lies."

And Thomas Longstaff was a man who always acted well his part and did his duty under all circumstances.

### Early Snow

The Earliest snow in this section of the country in 50 years, fell here yesterday. Col. Albert Toombs an old resident is responsible for the statement. Four inches of snow was reported at Franklin, Ky., and a heavy fall at Guthrie, Hopkinsville, Trenton and other places. The government thermometer at this place registered 36 degrees at noon yesterday.

Elsewhere in this issue will be found the formal announcement of Judge J. W. Henson as a candidate for the democratic nomination for Congress in this district to succeed Hon. A. O. Stanley, who has entered the arena as a candidate for U. S. Senator from Kentucky.

Judge Henson is the presiding judge of the judicial district composed of Henderson, Union and Webster counties. He is serving his second term, being accorded an endorsement without opposition.

Judge Henson was reared in Webster County, where he started in life working on a farm, but being ambitious, he succeeded in getting an education, studied law and practiced at Dixon until his election as circuit judge, soon after which was a matter of convenience in holding six months term of court at Henderson and in reaching the other county seats he located in Henderson.

Judge Henson is deservedly popular throughout his judicial district, having been so fair, courteous and able in conducting the business of his court that he enjoys the confidence and good will of the entire bar, jurors and all others having business with his courts. He has kept the dockets cleared and his decisions have stood a high test in the court of appeals.

He is an able, strong, substantial man, a convincing speaker, though not what may be called an orator. He is well qualified by temperament, attainments and character to make the district a very useful and efficient representative in congress.

### Chandler-Adams

Last Sunday evening at 10:15 o'clock at the Methodist parsonage, Mr. Lawrence L. Adams and Miss Goldia F. Chandler were married by Rev. William A. Grant. The wedding being a quiet affair was witnessed only by Mr. and Mrs. J. P. Hamer. The couple left immediately for the groom's home at Barkers, Tenn. Mr. Adams is a trusted employee of the L. & N. R. R. Co. and Miss Chandler was a popular telephone operator. Their many friends join in wishing them a long and happy life.

### "THE TEN"

#### Meet With Miss Coyle

The girls club was charmingly entertained Monday evening by Miss Irene Coyle.

It was known that a surprise was in store for the girls at this meeting and much interest shown and guessing was done as to what it would be, not until the evening was half spent was the secret made known, by the hostess in an original and unique way, when, "The cat was let out of the bag" by Miss Coyle announcing her engagement to Mr. Elsworth Evans the marriage to take place late in November. This being literally done amid shouts of laughter and much excitement.

"Brownie" the large house cat was tagged with two hearts tied with ribbon around his neck, on them were written Irene and Elsworth, as the bride elect opened the bag the cat was given a chase around the room by the girls, thus divulging the secret.

Sainty refreshments were served in the dining room which was prettily decorated with red carnations with a cluster of wedding bells suspended above the table. With congratulations and best wishes the merry crowd dispersed at ten thirty.

**Mexican Money**  
The rate for New York exchange at Mexico City now is \$2.80 in Mexican money \$1.00 in American money. They have money on the old time Bryan free silver basis and the war has sent values tumbling. This means that if a Mexican merchant desires to remit \$100 to America he must remit \$280 in Mexican money for the draft. This is almost on the basis of three Mexican dollars to one American dollar. Mr. Bryan in 1896 and later would have put United States on this same free silver basis and at this later day as still trying to force his own dangerous ideas of finance upon the people and the bankers of this country in the proposed currency bill program of the Washington administration.

and not two-thirds of them in school. It costs more than five dollars a month for each of these. At such a heavy cost parents should see that they get the benefit of the outlay.

What would the people of Hopkins County think and say if the cost of free education to this public, out of the public funds, was \$5.00 a month for each child in school? But so many men of action and of strong faith and purpose have gone to the new West. And they know, from long experience among the timid and conservative people of older settled sections of the country, that the things worth while for the public good cannot be had except at liberal cost of money, and effort. So they profit by the public sloth and failure they have seen and experienced earlier in life, throw themselves, their talent, their energy and their means into the united effort and become in the newer country such pioneers as posterity will remember for the big and the worthwhile things they have done for the future of those newer and more progressive and awake states and people.

### EARLY MORNING WEDDING

Popular Young Couple Married at an Early Hour Monday Morning

The Christian Parsonage was brightly lighted before dawn Monday morning, and the occupants were awake and expectant. The occasion was the wedding of two of Earlington's most popular young people, Mr. Charles G. Trabern and Miss Gertie O'Bannon.

A few minutes before four o'clock the wedding party arrived, consisting of the contracting parties, and attendants, Mr. Kirby O'Bannon, brother of the bride, and Miss Ruth Daniels, and Mr. E. M. Trabern brother of the groom. In a few impressive words, Howard J. Brazelton, pastor of the Christian Church pronounced them husband and wife.

The bride is an attractive young woman with many personal charms, never looked prettier than on her wedding morn. She is the daughter of Mr. and Mrs. A. R. O'Bannon, and has lived in Earlington most of her life. The groom has lived in this city for a number of years, holding a responsible position in the office of the St. Bernard Mining Co. and is a young man of sterling qualities. Both have many friends in the city who join in hearty congratulations, and good wishes for their continued happiness.

The happy couple left at once for Memphis, Tenn. where they will spend their honeymoon. When they return they will have rooms at Mr. and Mrs. Jack Stokes.

### Why Snow is Warm.

Snow is warm by virtue of its light and woolly texture. But it is also warm on account of its whiteness. Had snow been black it would have absorbed the heat of the sun and melted quickly. Instead, it reflects heat, and the reflected heat falls upon bodies above the snow, while the warmth of the earth is preserved beneath.

## J. H. FOX ASKS WILL T. MILLS SOME QUESTIONS

Advertisement.

As the time is drawing near when the voters of Hopkins county will cast their votes for country judge and it will be impossible for Mr. Will T. Mills to answer the vital questions which will show his fitness or unfitness for the office for which he is a candidate, personally to each voter I desire to ask him to answer a few questions through the press.

I stated in my article, recently published, that I am ready and willing to answer any questions that may be asked me, and it is only fair to the people that he should answer such questions.

Mr. Mills did you leave the county to avoid service of summons on you for the September term of the Hopkins Circuit Court in suit brought by Henry Davis against you for the collection of alleged illegal fees collected by you as clerk? If you say you did not do so, then why did you not enter your appearance to said action and allow it to be tried at said term of court?

Did your legal advisor, Mr. Jerold Jonson, ever advise you that the fees charged by you, and sued for in said action were legal fees?

Mr. Mills, Will you pay back to the county all illegal fees collected by you as clerk? If any, and why have you not already done so?

Is Mr. Jonson now your legal adviser, if not, why did you change legal advisers, and who is now your legal adviser?

Mr. Mills, did you sign and agreement with Judge Bradley and the other candidates for county judge not to use any money in the primary election, and if so, did you keep that agreement?

Will you tell the voters how much money you did spend in your campaign and in obtaining your nomination in the August primary?

Mr. Mills, will you go with me before the fiscal court on the 24th day of this month and request the court to fix the salary of county judge at \$1,000 instead on \$1,200, the present salary, and thereby save the tax payers of the county \$200.00 per year or \$800.00 for four years? I make you this proposition and will be there and make this request. Will you?

I am asking this information for the benefit of the voters and will expect you to answer it through this paper and stand ready and willing to answer any question you may ask. Respectfully,

J. H. FOX

### A CHILD'S LAXATIVE IS "SYRUP OF FIGS"

They love to take it and it doesn't harm the tender little stomach, liver and bowels

If your little one's tongue is coated, it is a sure sign the stomach, liver and bowels need a gentle, thorough cleansing at once. When your child is cross, peevish, listless, pale, doesn't sleep, eat or act naturally; if breath is bad, stomach sour, system full of cold, throat sore, or if feverish, give a teaspoonful of "California Syrup of Figs," and in a few hours all the clogged-up, constipated waste, sour bile and undigested food will gently move out of the bowels, and you have a well, playful child again.

Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. They also know that a little given to-day saves a sick child to-morrow.

Ask your druggist for a 50c. bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup Company." Don't be fooled!

### Foolish Effort.

Some men not only expect the worst, but take the trouble to hunt for it.

### FOR SALE

"Thou Madest Me for Thyself." O thou God Omnipotent, who so carest for every one of us, as if thou caredst for him alone; and so for all, as if all were but one! To thee will I intrust whatsoever I have received from thee. So shall I lose nothing. Thou madest me for thyself, and my heart is restless until it repose in thee. Amen.—St. Augustine.

Was Not for Him. "I've tried to propose to Mabel a dozen times, and hanged if I can do it! I've slumped every time." "And she let you slump?" "Yes." "My boy, you are courting the wrong girl."—Boston Transcript.

In your dreariest hours she will be your sweet refuge, and in times of prosperity she will guard you from "the pride which goeth before a fall." She will bring you long nights of restful sleep at the end of your busy days and when other friends grow careless or disdainful, she will absorb you more and more. Homes of the Banana. Other varieties are from the Congo, Borneo, Ceylon and that vicinity.

Fault. Disagreeable people always must be exaggerated, it seems, until they occupy much more than their allotted space in the world.

Asbestos. Asbestos is a mineral of a fine fibrous character, the fibers being easily separated, elastic, flexible, and of a whitish-gray color. It is composed chiefly of silica, lime, magnesia, and oxide of iron. The ancients converted it into a kind of cloth, in which they wrapped the bodies of their dead, while preparing them for the funeral pile; the cloth being indestructible by fire, enabled them to preserve the ashes. Asbestos is found more abundantly in Corsica than in any other locality.

Changing Nature Indirectly. You are constantly assured that you cannot change human nature; that you cannot make people over by process of law. But if you cannot reform men by reforming the conditions that make men what they are, how is it that you can so easily debauch and degrade them by reversing the process?—Collier's Weekly.
